

## Number

### Sufficient evidence shows the ability to:

- Have a deep understanding of number to 10, including the composition of each number.
- Subitise (recognize quantities without counting) to 5.
- Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts.

## Numerical Patterns

### Sufficient evidence shows the ability to:

- Verbally count beyond 20, recognising the pattern of the counting system.
- Compare quantities up to 10 in different contexts, recognizing when one quantity is greater than, less than or the same as the other quantity.
- Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally.
